

SETTLING-IN POLICY

All children must be given ample time to settle in to their new surroundings. At Monkey Puzzle Day Nursery we encourage parents to be actively involved with this process.

A new child will generally attend nursery at least once for a shorter amount of time with their parent(s), prior to attending a full session.

Most children will then arrive with their parent(s) for a full session and the parent(s) will be encouraged to stay as long as necessary until the child feels confident enough to stay alone.

There is no time limit on how long this process will take, as each child is different. Care must be given to the child's needs and wants at this stage and each time period will be decided in conjunction with the child's parent(s).
